### This Month's Birthstone

The January birthstone is the garnet. Commonly red, the jewel also comes in the colors orange, yellow, purple and green. Garnet is found in many different locations, but during Victorian times, the region of Bohemia in the Czech Republic was the main source of these jewels. An antique garnet hair comb, fashioned during those times, is in the Smithsonian's possession. Resembling an elaborate tiara, it is the most famous piece of garnet jewelry.

### January 2025

#### Inaugural Event

Franklin D. Roosevelt's second-term inauguration in 1937 marked the first time the ceremony was held in January. Previous U.S. presidents took the oath of office on March 4, before the 20th Amendment changed the date to Jan. 20.

#### Protect Your Privacy Online

Data Privacy Day on Jan. 28 reminds us how important it is to keep our personal information secure, especially in this digital age. Use these tips to protect your data online:

- On all your devices, keep apps and software up-to-date.
- Use long, unique passwords for different accounts. Change them occasionally, or whenever there's a security breach.
- Enable multi-factor authentication for important accounts like banking and social media.
- Turn off location and activity tracking on mobile apps, and regularly clear cookies on your browser.
