### **Labor Day**

Labor Day, observed on the first Monday in September, became a federal holiday in 1894. The day recognizes the contributions and achievements of American workers. Labor Day also symbolizes the end of summer for many Americans.

### **Homograph Humor**

Homographs are words that are spelled the same but mean very different things. Share these head scratchers with your neighbors and friends.

The guests had a ball dancing at the ball to raise money for local ball.

The author opened the window, and a strong draft scattered her final draft.

It's not fair that your fair skin may burn at the state fair.

A seasoned chef will season the stew with the spices of the season.

It will suit the attorney to wear his best suit while filing suit.

We have only a short window to open the window.

### **The Gift of 'Grands'**

Recognizing the importance of the bonds between generations, Grandparents Day honors the gifts that grandparents and grandfriends bring to families and communities. Celebrate the first Sunday after Labor Day.

### **Brainteaser**

Question: I appear once in summer and twice in autumn, but I don't appear in any other season of the year. What am I?

Answer: The letter U.

### **Age Doesn't Matter**

"Age is something that doesn't matter, unless you are a cheese." —Billie Burke

### **Acorns Aplenty**

With their familiar brown caps, acorns are the falling fruit of the oak tree. During late summer and early fall, the trees drop the nuts, and squirrels are often seen happily hoarding them. When there's a bumper crop of acorns, it's known as a mast year. Chipmunks, birds, deer and other wildlife that depend on the nutritious nuts can't eat all of them, leaving the excess acorns to grow into new oak trees.
