30 Second Mysteries

Why Case 12

The Case

A woman is sitting in an easy chair reading a book when a masked man bursts into her room and snatches her purse. Although the man carries no weapon and was less than 6 feet from the woman, she makes no effort to stop him. She reports the crime to the police and provides a description of her purse, but gives no details about the masked man.

The Mystery

Why didn't the woman describe the masked man and in what language is her book written?

Clues

The woman did not know the man, but she knew the man was breaking into her home.

The Woman was reading War and Peace, by a Russian writer named Tolstoy.

The woman only speaks English.

The man knew only one thing about the woman.

The woman did not see the man.

The woman's hands were busy at the time of the break-in.

November 2025 answer to the mystery question is – Bob is a bus driver; the customers leave when they reach their stops.

Congratulations to our November 2025 Mystery winner Dorothy Reppert.
