April 2026

April, the angel of the months, the young love of the year – Vita Sackville-West

Holidays

April Fools' Day - April 1st
Easter - April 5th
Earth Day - April 22nd

Did You Know?

April is a month of fresh starts and quirky history!

Its name likely comes from the Latin *aperire*, meaning “to open,” fitting for spring blooms in the Northern Hemisphere. April begins with April Fools' Day on the 1st, a tradition of playful pranks celebrated in many countries. It often includes Easter (in many years), and in the U.S., it features

Earth Day on April 22. April's birthstones are diamond and clear quartz, and its birth flower is the daisy. Fun twist: in the Southern Hemisphere, April feels like October—bringing autumn leaves instead of spring blossoms!

Easter Eggxtravaganza

We are happy to invite you to our 1st Annual Easter Eggxtravaganza . Games start at 10AM. The Easter Egg Hunt will start at 11AM and lunch to follow. It will be fun for the whole family.
